<b>Inhalte</b>		
<p>This module provides the framework for the writing of the Master thesis, which is an autonomously written research paper with an average length of around 80 pages, to be completed within six months. Students develop and specify the topic of their Master thesis based on their own research interests and in close cooperation with their main advisor, who offers advise on major problems and supports the students' bibliographical and material searches, the development of a research focus, the selection of sources, as well as a suitable structure of contents. The research and writing process is based on a draft outline and a time plan. At the final stages, the advisor enforces the observance of the formal and technical standards of academic writing, as well as an acceptable level of language and style.</p>		
<b>Qualifikationsziele / Kompetenzen</b>		
<p>By writing their Master thesis, students give prove to their acquired ability to do research on a topic of their own choice and to present their insights in a state-of-the-art way. In the working process, they further develop their skills in planning, time management, researching, drafting, writing and revising an academic thesis of some length, according to the formal and technical standards, and in a proper language and style.</p>
