### Method of grading

Only after succ. compl. of module(s)

### Method of assessment

Per exercise: written examination (90 minutes) or oral examination of one candidate each (30 minutes), weighted 1:1

### Contents

Development of psychological skills that are useful for the pastoral care for individuals and groups as well as dealing with institutional structures and organisations. Discussion of selected topics in personality psychology, communications psychology, social psychology, the psychology of groups as well as developmental psychology and clinical psychology.

### Intended learning outcomes

At the end of the course, students will have developed psychological skills that are useful in pastoral care. In addition, they will be able to critically reflect upon their own folk psychology and will understand themselves and others better.

### Courses

Ü + Ü (no information on SWS (weekly contact hours) and course language available)
