Contents		
The richness of Christian spirituality and piety. Discussion of the different forms they have taken throughout history and ways to analyse them in the context of today's society. Insights into theories on the activities of the Church as well as into the different types of Christian community and communication of Christian faith (sacraments, the teaching office and the basic functions of the Church, learning processes in religious education).		
Intended learning outcomes		
At the end of the course, students will have gained an insight into the richness of Christian piety and the diverse ways in which Christians live and lived their faith. They will know how they originated and will have become aware of the fact that they arose from prevailing circumstances. Students will have developed an awareness of the fact that the Church today is operating in a society that is characterised by diversity and will have become familiar with relevant norms. In addition, students will have developed the ability to make use of the tensions between norms and situations to spark their own theological and practical creativity.
