Contents		
Detailed discussion of topics in moral theology and social ethics and their contexts. Discussion of literature as well as issues faced by society that are of interest within the discipline of moral theology. The module thus covers a range of topics in moral theology and Christian social sciences. In addition, it discusses topics in literary studies, the history of religion, politics, sociology, psychology, and theology.		
Intended learning outcomes		
At the end of the course, students will have become familiar with key topics and problems in moral theology and social ethics. They will have developed an awareness of the historical development and contexts of relevant literature. They will be able to critically reflect upon topical issues and take their own well-founded position on them.
