<p>This module is offered in cooperation with <i>Zentrum für Pastoralassistenten/-innen</i>, the Würzburg centre for theology students and future lay pastors, and gives students who are subject to the training regulations of the centre the opportunity to gain insights into the work of the lay pastor. It helps students prepare for their mandatory placements, provides competent support during those placements, and gives them the opportunity to reflect upon the placements in wrap-up discussion sessions. Placements will have a duration of three to six weeks, and students will be expected to write a report on each placement. Those reports will serve as the basis for the wrap-up discussions. The aim of the module is to provide students with first-hand insights into different fields activity of lay pastors and give them the opportunity to engage in theory-based critical reflection on the experiences they have made.</p>		
<b>Intended learning outcomes</b>		
<p>To pass this module, students will be expected to be able to draw upon the knowledge they have gained throughout the programme and engage in critical reflection on their experiences based on the pastoral/practical, interpersonal, spiritual, and institutional skills lay pastors need to possess.</p>
