Contents		
This module provides students seeking specialisation in dogmatics with deeper insights into topics in dogmatics and relevant sources in scripture, tradition, and magisterium. In addition, it familiarises students with the current state of the debate in systematic theology.		
Intended learning outcomes		
At the end of the course, students will have become familiar with advanced topics and aspects of methods in dogmatics, developments in the history of dogma as well as the tradition of the magisterium of the Church. In addition, they will have developed the ability to justify the importance of faith based on biblical foundations in connection with debates in theology and dogmatic decisions. They will be able to systematically reflect upon aspects relating to the Christian doctrine and to interrelate them with current problems.
