Module title: Structural Biology 2
Abbreviation: 03-6S3ST-092-m01

Module coordinator: holder of the Chair of Structural Biology
Module offered by: Faculty of Medicine

ECTS: 15
Method of grading: numerical grade
Only after succ. compl. of module(s): --

Duration: 1 semester
Module level: undergraduate
Other prerequisites: --

Contents:
This module will use examples from current research reflecting different topics to provide fundamental biological insights and to also illustrate the fundamental concepts of structural biology. Scientific projects may be selected from the following list: DNA repair, ubiquitin-dependent protein degradation, transport and anchoring of inhibitory neurotransmitter receptors and structure-based design of new pharmaceutical agents.

Intended learning outcomes:
Students will gain the ability to solve problems in structural biology on the basis of individually assigned tasks, employing different techniques from the fields of molecular biology, biochemistry and crystallography. They will also acquire skills in the design of experiments, their performance and evaluation as well as in the oral and written presentation of scientific results.

Courses:
This module comprises 2 module components. Information on courses will be listed separately for each module component.

- **03-6S3ST-1ST-092**: S + P (no information on SWS (weekly contact hours) and course language available)
- **03-6S3ST-2ST-092**: S (no information on SWS (weekly contact hours) and course language available)

Method of assessment:
Assessment in this module comprises the assessments in the individual module components as specified below. Unless stated otherwise, successful completion of the module will require successful completion of all individual assessments.

**Assessment in module component 03-6S3ST-1ST-092: Structural biology 2 (seminar and laboratory course)**
- 13 ECTS, Method of grading: numerical grade
  - a) written examination (approx. 60 minutes) or b) log (approx. 10 to 20 pages) or c) oral examination of one candidate each (approx. 30 minutes) or d) oral examination in groups (groups of 2 or 3 candidates, approx. 60 minutes) or e) presentation (approx. 20 to 30 minutes)
- Assessment offered: once a year, winter semester
- Language of assessment: English

**Assessment in module component 03-6S3ST-2ST-092: Structural biology 2 (literature seminar)**
- 2 ECTS, Method of grading: (not) successfully completed
  - presentation (approx. 20 to 30 minutes)
  - Assessment offered: once a year, winter semester
  - Language of assessment: English

Allocation of places:
--
