Contents

Students work as tutors. They support other students, in particular in the context of courses and study planning, and they participate as assistants in the organisation and carrying out of exercises and practical courses.

Intended learning outcomes

Tutors are able to communicate complex technical facts in a clear and structured way. They have the ability to explain methods and execution of experiments to other students. They gained experience in the supervision and motivation of groups, and they practiced applying conflict resolution strategies. Promotion of self-confidence in own knowledge and communication. From their own experience, they supervise students in various matters and assist with the organisation within the study programme.
