

Module title		Abbreviation
Project Work in a Research Laboratory		03-98-IPP-152-m01
Module coordinator		Module offered by
Dean of Studies Biomedizin (Biomedicine)		Faculty of Medicine
ECTS	Method of grading	Only after succ. compl. of module(s)
8	(not) successfully completed	--
Duration	Module level	Other prerequisites
1 semester	undergraduate	Prior approval from degree programme coordinator required.
Contents		
Project work in a research laboratory focusing on training in new methods and the in-depth analysis of a scientific problem. This project may lay the foundation for a subsequent Bachelor's thesis.		
Intended learning outcomes		
Performing more elaborate experiments with sequential methods. Application of methods learned in the course and learning of project-specific analysis and evaluation procedures. Gradual introduction to independent experimental work and problem-solving strategies. Students gain an in-depth insight of a current research topic based on primary literature and knowledge transfer.		
Courses (type, number of weekly contact hours, language – if other than German)		
R (12) Module taught in: German/English		
Method of assessment (type, scope, language – if other than German, examination offered – if not every semester, information on whether module is creditable for bonus)		
presentation (20 to 30 minutes) as well as log (10 to 15 pages) or, where applicable, project proposal (approx. 5 pages) Language of assessment: German or English		
Allocation of places		
--		
Additional information		
Additional information on module duration: 6 to 8 weeks.		
Workload		
240 h		
Teaching cycle		
--		
Referred to in LPO I (examination regulations for teaching-degree programmes)
