Module title: Project Work in a Research Laboratory
Abbreviation: 03-98-IPP-152-m01

Module coordinator: Dean of Studies Biomedizin (Biomedicine)
Module offered by: Faculty of Medicine

ECTS: 8
Method of grading: Only after succ. compl. of module(s)

Duration: (not) successfully completed
Module level: undergraduate
Other prerequisites: Prior approval from degree programme coordinator required.

Contents
Project work in a research laboratory focusing on training in new methods and the in-depth analysis of a scientific problem. This project may lay the foundation for a subsequent Bachelor’s thesis.

Intended learning outcomes
Performing more complex experiments with sequential methods. Students gain an insight into new areas of research based on current literature and knowledge transfer.

Courses (type, number of weekly contact hours, language — if other than German)
R (12)
Module taught in: German/English

Method of assessment (type, scope, language — if other than German, examination offered — if not every semester, information on whether module is creditable for bonus)
presentation (20 to 30 minutes) as well as log (10 to 15 pages) or, where applicable, project proposal (approx. 5 pages)
Language of assessment: German or English
