Module title: Practical Course in Human Genetics

Abbreviation: 03-98-MHGP-152-m01

Module coordinator: holder of the Chair of Human Genetics

Module offered by: Faculty of Medicine

ECTS: 10

Method of grading: Only after successfully completed module(s)

Duration: (not) successfully completed

Module level: graduate

Other prerequisites: --

Contents:

Students will work on a current topic in the field of human genetics.

Intended learning outcomes:

Participants have acquired the knowledge and skills necessary to carry out scientific work in different areas of human genetics. They are able to work on problems in human genetics, adhering to the principles of good scientific practice, as well as to document their work.

Courses (type, number of weekly contact hours, language — if other than German):

P (10)

Module taught in: German/English

Method of assessment (type, scope, language — if other than German, examination offered — if not every semester, information on whether module is creditable for bonus):

a) written examination (30 to 60 minutes) or b) oral examination of one candidate each (30 to 60 minutes) or c) oral examination in groups of up to 3 candidates (approx. 30 to 60 minutes)

Students will be informed about the method, length and scope of the assessment prior to the course.

Language of assessment: German and/or English

Allocation of places: --

Additional information: --

Referred to in LPO I (examination regulations for teaching-degree programmes): --
