Module title: Structure and Function of Proteins

Abbreviation: 03-EM-SFP-092-m01

Module coordinator: holder of the Chair of Structural Biology

Module offered by: Faculty of Medicine

ECTS: 15

Method of grading: numerical grade

Only after succ. compl. of module(s):

Duration: 1 semester

Module level: graduate

Other prerequisites:

Contents:
Students spend 4 to 6 weeks working on their own small, well-defined scientific lab project in the area of the structure and function of proteins and present the results of the laboratory project at the Institute seminar.

Intended learning outcomes:
Participating in clinically-oriented research projects, students gain initial hands-on experience. They reinforce previously acquired lab skills, acquire new lab techniques, and learn how to apply theoretical knowledge in the lab. Students gain expertise in the analysis and presentation of raw data.

Courses:
This module comprises 2 module components. Information on courses will be listed separately for each module component.

- 03-EM-SFP-1-092: P (no information on SWS (weekly contact hours) and course language available)
- 03-EM-SFP-2-092: K (no information on SWS (weekly contact hours) and course language available)

Method of assessment:
Assessment in this module comprises the assessments in the individual module components as specified below. Unless stated otherwise, successful completion of the module will require successful completion of all individual assessments.

Assessment in module component 03-EM-SFP-1-092: Practical Training Structure and Function of Proteins
- 10 ECTS, Method of grading: numerical grade
- term paper (ready-to-publish written summary of results of experiments, minimum 10 pages)

Assessment in module component 03-EM-SFP-2-092: Colloquium Structure and Function of Proteins
- 5 ECTS, Method of grading: numerical grade
- oral presentation and discussion of results of lab course (approx. 15 to 20 minutes)

Allocation of places:

Additional information:

Referred to in LPO I (examination regulations for teaching-degree programmes):
