Module title: Seminar Cardiovascular Biology

Abbreviation: 03-EM-Sem4-092-m01

Module coordinator: holder of the Chair of Experimental Biomedicine
Module offered by: Faculty of Medicine

ECTS: 5 numerical grade
Method of grading: Only after succ. compl. of module(s)
Duration: 1 semester
Module level: graduate
Other prerequisites: --

Contents:
Semester-long, integrated scientific seminar in small groups with exercise, discussion and presentations/talks by students, among others on current literature and/or selected special lectures covering the field of cardiovascular biology.

Intended learning outcomes:
Advanced insights into the focuses chosen for the in-depth scientific study of the selected specialist area. Students are able to evaluate relevant specific information, to present it in a professional manner and to discuss it with others. Students acquire a critical understanding of the most important theories, principles and methods of individual issues within the subject.

Courses:
S (no information on SWS (weekly contact hours) and course language available)

Method of assessment:
presentation (approx. 15 to 20 minutes) and written summary (approx. 1 page)

Allocation of places:
--

Additional information:
--

Referred to in LPO I:
(examination regulations for teaching-degree programmes)
--

Module appears in:
Master's degree (1 major) Experimental medicine (2009)
