## Module title

**Immunology 1 BS**

**Abbreviation**

03-MIM1-BS-152-m01

## Module coordinator

Managing Director of the Institute of Virology and Immunobiology

## Module offered by

Faculty of Medicine

## ECTS

5

## Method of grading

(only after sucess compl. of module(s))

## Only after (not) successfully completed

--

## Duration

1 semester

## Module level

graduate

## Other prerequisites

--

## Contents

Foundations of molecular and cellular immunology as well as infection biology which allow a deeper understanding of immune-mediated defence mechanisms against infectious diseases. For more information, please visit http://www.virologie.uni-wuerzburg.de/lehrveranstaltungen/vorlesungen_und_praktika/immunologie/immunologie_biologie_master/.

## Intended learning outcomes

Students will gain a knowledge of fundamental concepts and methods in molecular and cellular immunology and will be able to present and discuss these.

## Courses

(type, number of weekly contact hours, language — if other than German)

- S (2)
- Module taught in: English
- Winter semester only

## Method of assessment

(type, scope, language — if other than German, examination offered — if not every semester, information on whether module is creditable for bonus)

Students will be informed about the method, length and scope of the assessment prior to the course. Usually, one of the following options will be chosen: a) written examination (30 to 60 minutes, including multiple choice questions) or b) log (15 to 30 pages) or c) oral examination of one candidate each (30 to 60 minutes) or d) oral examination in groups of up to 3 candidates (30 to 60 minutes) or e) presentation (20 to 45 minutes)

Language of assessment: German and/or English

## Allocation of places

--

## Additional information

--

## Referred to in LPO 1

(examination regulations for teaching-degree programmes)

--
