

Module title		Abbreviation
Physiology and Pharmacology		03-PSY-Phy-202-m01
Module coordinator		Module offered by
holders of the Professorships of Physiology and Psychia- trics		Faculty of Medicine
ECTS	Method of grading	Only after succ. compl. of module(s)
3	numerical grade	--
Duration	Module level	Other prerequisites
1 semester	undergraduate	--
Contents		
Physiology of the vegetative system: Sympathetic and parasympathetic nervous system, heart and circulation; Effects of psychopharmaceuticals and drug therapy, pharmacokinetics and pharmacodynamics; general and special physiology of senses; learning and memory, sleep and circadian rhythm; motor function		
Intended learning outcomes		
Students acquire deeper knowledge of the underlying physiological processes of psychic phenomena.		
Courses (type, number of weekly contact hours, language – if other than German)		
V (2)		
Method of assessment (type, scope, language – if other than German, examination offered – if not every semester, information on whether module is creditable for bonus)		
written examination (approx. 60 minutes) or oral examination (approx. 30 minutes) Language of assessment: German and/or English		
Allocation of places		
Only as part of pool of general transferable skills (ASQ): max. 5 places. There are no restrictions with regard to available places for students of the degree subjects Psychology (Bachelor of Science, 180 ECTS credits). The number specified is the total number of places that will be allocated to students of other degree subjects in the SFB (list of modules) of which this module is listed. Should the number of applications exceed the number of available places, places will be allocated according to the number of subject semesters. Among applicants with the same number of subject semesters, places will be allocated by lot. A waiting list will be maintained and places re-allocated by lot as they become available.
