| This module equips students with an advanced knowledge of the history of Germany. It provides an overview of German history and discusses selected examples. The courses focus on discussing methods in history that are employed in Germany.  |                              |   |
| <b>Intended learning outcomes</b>  |                              |   |
| This module provides students with deeper insights into major developments in research on the history of Germany, taking a range of aspects into account (e. g. politics, the economy, society, culture, ideas, or mentalities). Students are able to consider this/these aspect(s) in a general historical context and to identify interdependencies. |                              |   |
