<b>Contents</b>		
<p>This module serves as the platform for the students' writing of three term papers (two in the major track and one in the minor track). It includes supervision in the planning, drafting, writing and revision process, as well as an individual evaluation of each paper. The supervisor monitors the selection of a suitable and manageable topic, and makes sure that the students employ a relevant range of up-to-date research literature. He also supports the students' bibliographic and material searches. He enforces the formal and technical standards of academic paper writing. For non-native speaker students, for the improvement of the language skills in English, a supporting tutorial in academic writing skills is additionally offered. As for the resources, students receive an introduction to using the library at PKU, during their term at ECLC, facilitating their collecting of source materials toward writing their Master thesis.</p>
