Contents		
<p>This module provides additional training in the Classical Chinese literary language, its grammar and lexicon, and a range of longer and more difficult source texts (philosophy, history, literature) from the middle to the late imperial periods that are translated into Modern Chinese in class. This course further develops reading skills of texts and the required vocabularies of Classical and Modern Chinese. It introduces relevant elements of cultural-historical and literary knowledge that are necessary for an appropriate contextualization, interpretation and translation of the source texts.</p>		
Intended learning outcomes		
<p>This module enables students to read and understand a range of rather challenging source texts in Classical Chinese, and to translate them into Modern Chinese. Students further strengthen their abilities to handle the various difficulties in the reading process and to interpret the texts.</p>
