<b>Contents</b>		
<p>Building on previous coursework students select the field of intensification based on their own preferences and with a view to developing topics for their Master theses. The course contents can focus on any of the sub-fields of Contemporary Chinese Studies as described in the modules 04-CS-TCC-1A through -3B. The goal is to provide students with an in-depth understanding of the chosen field, including theoretical and methodological approaches, secondary and primary sources.</p>		
<b>Intended learning outcomes</b>		
<p>Students get acquainted with social science research on contemporary China, familiarize themselves with different disciplinary, theoretical and methodological approaches in this field and learn to understand and engage in scholarly debates. This prepares the students for their own research toward writing their individual Master theses.</p>
