**Contents**

Students will attend an in-depth technical lecture, which is composed of the offers of all sub-disciplines of German studies (older German literature, modern German literature, linguistics and teaching methodology). The focus will be on methodological differentiated and research-related dealing with problems and contexts of the particular subdiscipline.

**Intended learning outcomes**

Students possess technical expertise concerning generic issues of a German subdiscipline. They are able to deal with an important issue reflectively and methodically and to classify this issue into specific contexts of research.
