### Contents

Independently, students will organise a vocational-orientated work experience in an institution with the same cultural orientation or a range of tasks corresponding with the competences of an advanced German philologist (e.g. publisher, library, press department of a company, journalism, museum, theatre, culture administration, company communication and others).

### Intended learning outcomes

Students know the requirements of a vocational field and scope of activity. They possess practical experiences of everyday work and are able to compare these experiences with the own expectations reflectively.
