<p>Basically, the course provides students of all semesters with the ability to create literary texts in the English and German language autonomously. Dialogically structured and thematically instructed sessions provide the possibility to discuss and improve own texts and to be able to gain theoretical as well as practical insights into the everyday workshop of creative writing. Under methodological supervision, writing exercises will facilitate a performative access to the linguistic expression and will motivate to form an own aesthetic idiom.</p>		
Intended learning outcomes		
<p>Students acquire basic knowledge of aesthetic construction regarding literary texts (lyrics, prose, scenic dialogues) as well as basics concerning the significance of a reading-orientated practice of literary writing. The self-confidence concerning own skills of writing structural texts will be increased.</p>
