5	numerical grade	--
Duration	Module level	Other prerequisites
1 semester	graduate	Admission prerequisite to assessment: regular attendance (a maximum of 2 incidents of unexcused absence) of courses (lectures excluded).
Contents		
<p>The module "Media, Image, Technologies" provides students with specialised knowledge of central technologies and media development (e.g. photography, film, television) and the establishment of medial or technical networks, with the help of representative examples from the North American history. The dealing with these media cultures include issues of literary and cultural reflexion of transnational exchange processes as well as of processes regarding the cultural, political and economic globalisation.</p>		
Intended learning outcomes		
<p>After successful completion of the module, students are able to understand and evaluate literature and culture as fields of social and political interaction, to discuss argumentatively and formulate literary and cultural issues from an interdisciplinary perspective, to analyse and argumentatively discuss theoretical issues concerning the role of literature and culture with view on medial and technological correlations.</p>
