Contents		
This module provides students with deeper insights into methods and problems in history, with a particular focus on early modern and modern history. It examines the structure and contents of the GSE (History, Social Studies, Geography) curriculum in detail. On the basis of this curriculum, students choose lesson topics and select appropriate teaching methods and approaches.		
Intended learning outcomes		
This module provides students with deeper insights into a selected key topic in early modern or modern history. It familiarises them with relevant research methods and subjects and provides an overview of major sources and accounts. Students develop the ability to systematically work with the GSE curriculum for Hauptschule and to choose lesson topics on the basis of this curriculum. They develop the ability to simplify topics for teaching purposes and to select appropriate methods to teach these topics. Students develop the ability to define clear learning goals and to teach in ways that help pupils achieve them. They gain a comprehensive overview of important media for the GSE classroom and develop the ability to use these in a flexible and purposeful manner.
