<b>Contents</b>		
The work placement should comprise tasks in chosen offices, research institutions or private employers abroad, which will give the interns a consolidated and comprehensive insight into the vocational world of a M.Sc. Geographer. It is also possible to do the research placement at a university abroad.		
<b>Intended learning outcomes</b>		
Students have knowledge of processes in a vocational field or a foreign university. They acquire consolidated practical skills and their implementation of vocational or scientific practice. Students work on a topic of their choice with spatial analytical methods or methods of empirical social research abroad in accordance with the prior consultation of the module coordinator. The findings of the study must be presented in a detailed report and presented in a colloquium.
