## Contents
Courses that consolidate skills of geographical methods and their application, e.g. thematic Cartography, GIS courses for advanced students or project seminars, in which the application of geographical field methods will be practised with the help of a specific issue.

## Intended learning outcomes
Students achieve deepened skills of additional geographical methods and their application. With these methods, they are able to process little problems in a solution-orientated and target-orientated way.

## Courses
(type, number of weekly contact hours, language — if other than German)

## Method of assessment
(type, scope, language — if other than German, examination offered — if not every semester, information on whether module is creditable for bonus)

a) presentation (approx. 30 minutes) and term paper (approx. 15 pages) or b) exercises (approx. 30 hours)

Language of assessment: German and/or English

## Allocation of places
15 places. Should the number of applications exceed the number of available places, places will be allocated according to the number of subject semesters. Among applicants with the same number of subject semesters, places will be allocated by lot. A waiting list will be maintained and places re-allocated by lot as they become available.

## Additional information
