<b>Contents</b>		
Field trip of general and regional Geography in terms of European subspaces or subspaces outside of Europe. This can be individual states as well as distinctive subspaces to Europe or European subspaces due to their lay (e.g. Northern Europe, Alpine countries or North America) or due to common features of distinctive states/regions (e.g. European Union or Arabian Peninsula).		
<b>Intended learning outcomes</b>		
Students achieve the following skills: Application of general and physical or human geographical skills to regional-related issues, particularly the partial steps: 1. Differentiation and characterisation of a region, 2. Elaboration of selected geographical problems and spatial interaction as well as 3. Synthesis and demonstration of perspectives/problem solutions with thematic emphasis. Students assess relevant topic areas and thus, develop a consolidated practical problem awareness directly on site. They work in teams under unusual/ challenging conditions and thus, develop a higher social competence and are able to interculturally communicate on a higher level.
