Contents		
Students acquire detailed knowledge of concepts and methods from one of the following sub-areas of linguistics: phonology, morphology, syntax, semantics/lexicology, text linguistics, historical linguistics or variational linguistics. Application of concepts and methods from the selected sub-areas of the Italian language. Coherences between the Italian and further Romance Languages.		
Intended learning outcomes		
Students acquire detailed knowledge of a central sub-area of linguistics. They are able to apply concepts and methods of this sub-area to the description of the French and are able to balance between different linguistic descriptions of a given verbal phenomenon. They are also able to summarise analogously, to classify academically and historically and to critically reflect selected academic literature regarding Italian linguistics independently.
