Contents		
In generic manner, the module provides a basic overview of ancient painting and mosaic art, against the background of stylistic development, topographical special developments, functions and manual as well as technical aspects .		
Intended learning outcomes		
According to genre-specific methodology, students are able to process archaeological legacies of Greek and Roman architecture and to classify them chronologically and in a stylised and hermeneutic way. Furthermore, they develop a critical understanding of current method and research discussions and are familiar with the respective specialised literature.
