Contents		
Students will deal intensively with the interpretation of archaeological findings, which are historico-cultural remains, in the light of anthropological, sociological aspects and artistic as well as scientific aspects by means of a typical example.		
Intended learning outcomes		
Students achieve a deepened understanding of specific characteristics of ancient and modern cultures and are able to analyse and interpret material legacies of ancient times concerning the historico-cultural significance. They are able to process a given issue according to scientific standards and thus, to deal critically with respective anthropological, sociological and art-historical specialist literature as well as they are able to present and prepare the different positions of research in written form.
