Contents		
The module provides a basic overview as well as generic consolidation of the contextualisation and function of ancient findings in the sacral and sepulchral, public and private space as well as their integration into the settlement and landscape topography.		
Intended learning outcomes		
The students are able to identify and interpret the specific function of archaeological remains against the background of find contexts. Furthermore, they develop a critical understanding for current methods and research discussions and are able to process a given issue according to scientific standards and to deal critically with the respective specialist literature and to present the different positions of research.
