### Duration

graduate  

### Other prerequisites

graduate  

---

## Contents

In this module, students will formulate a theoretical or empirical research question in the field(s) of General and/or Applied linguistics by considering the respective status quo of research literature. They will investigate this problem from a scientific point of view, working independently and using common research methods of linguistics or developing them further.

---

## Intended learning outcomes

With the Master thesis, students will show that they are able to independently work on a research question in the field(s) of General and/or Applied linguistics within a limited period of time and by using established linguistic theories and methods or developing them further.

---

## Courses

No courses assigned to module

---

## Method of assessment

Master's thesis (approx. 70 pages)  
Language of assessment: German and/or English

## Allocation of places

---
