Contents		
As part of the semester abroad at Peking University, the ECLC offers two content courses at an appropriate level in Chinese, which deal with discourses on cultural and social topics. For example, phenomena of everyday culture are dealt with in their development and current practice as well as in their evaluation in current social discourse. The course takes place exclusively in the compulsory semester abroad (fourth language semester).		
Intended learning outcomes		
Students are familiar with contemporary phenomena, especially in the Chinese culture of everyday life, and are able to critically identify them in Chinese discourse. They are able to communicate appropriately about them in Chinese.
