Contents		
The module consists of two courses within one year. Firstly, it offers an overview of selected topics of East Asian traditions, such as religions, customs, cultural skills, travelling, the cultural understanding of landscape, etc. with a focus on China. Secondly, it will create a link to other East Asian cultural areas, especially Japan and Korea. Both events will not only show the similarities and differences between the bordering cultural areas, but also continuities between the pre-modern and modern epochs.		
Intended learning outcomes		
Students acquire the ability to determine and classify religious and cultural phenomena in their historical and social contexts. They are able to critically analyse and compare problems and decisions in China and neighbouring regions.
