Contents		
<p>In this module, the basics, forms and contents of aesthetic perception are studied. The focuses are on the most important music-aesthetic theories of European music history in their respective historical and social environment, but also their practical application. Using selected examples from the history of music, aesthetically reflected evaluation of music from different epochs and styles will be practised and critically discussed.</p>		
Intended learning outcomes		
<p>The student has a sound knowledge of the history and theory of Music Aesthetics. He/she is able to evaluate musical works of art from different epochs in the context of the respective aesthetics and at the same time to reflect his/her own aesthetic experience in a theoretically sound manner.</p>
