<b>Contents</b>		
<p>In this module, the possibilities, methods and knowledge goals* of analytical development of composed music are studied. Basic knowledge of music theory is applied to selected works of text-bound** or instrumental music. Historical composition theory, traditional academic music theory and current music theory discourses will be presented as complementary foundations of musical analysis.</p>		
<b>Intended learning outcomes</b>		
<p>The student has basic knowledge of several methods of musical analysis and has applied an exemplary selection of them. He/she is able to analyse composed music of the European-Western tradition in an appropriate manner within the framework of a clearly defined task and to present the results.</p>
