<p>In this module, the sources, musical testimonies and cultural-historical conditions of European music history and their music-historiographical interpretation are studied. The focus is on persons, phenomena and processes of music history. Using significant examples, the basics of specific methods of the Humanities (e.g. philological, descriptive, comparative and analytical working methods) and of speaking about music (such as specialist terminology, use of metaphor) are taught, reflected and practised.</p>		
<b>Intended learning outcomes</b>
