Contents		
<p>In this module, the possibilities, methods and knowledge goals* of analytical development of composed music are studied. Basic knowledge of both music theory and music history will be tested on selected works or work groups, taking both text-bound music and instrumental compositions into account. Historical composition theory, traditional academic music theory and current music theory discourses will be presented as complementary foundations of musical analysis.</p>		
Intended learning outcomes		
<p>The student has a sound knowledge of several methods of musical analysis and has applied an exemplary selection of them. He/she is able to analyse composed music of the European-Western tradition in an appropriate way and to present the results.</p>
