<b>Contents</b>		
<p>This module provides an introduction to further central tasks of a museum: the exhibition. Students will be acquainted with methods, theories and current trends of the conceptualisation and design of exhibitions. Furthermore, the module is designed to teach perspectives and methodological approaches in order to analyse exhibitions critically.</p>		
<b>Intended learning outcomes</b>		
<p>Students are familiar with historical as well as current developments and trends in the scenography and exhibition design. They are able to analyse an exhibition. This is in view of the envisaged career of significant importance, as the students are able to critically question the results of their own museum work in the light of different contentual as well as creative aspect.</p>
