Contents

During this module, a work placement in the museum sector has to be completed within a time frame of 10 weeks in total. The 10 weeks can be distributed over different time frames and institutions. Work placements can be completed in all national and international museums, exhibition houses and galleries that are led according to all common and technical criteria in full-time. Under professional supervision, students become familiar with different vocational fields and working environments and collect experiences, which are relevant for their studies.

Intended learning outcomes

Students acquire practical work skills in selected areas of the museum's work. Moreover, they have expanded their general as well as social competences, particularly in view of autonomous and independent action. These competences will be required when they submit their application for a work placement and the independent accomplishment of the given tasks.
