Contents

In the course of this module, students have to complete a 4-week work placement in a science centre for professorship of Museology or in the cultural sector. Under professional supervision, students become familiar with different vocational fields and working environments and collect experiences, which are relevant for their studies

Intended learning outcomes

Students acquire practical work skills in selected areas of the museum's work. Moreover, they have expanded their general as well as social competences, particularly in view of autonomous and independent action. These competences will be required when they submit their application for a work placement and the independent accomplishment of the given tasks.
