Contents		
The module provides a broader overview of different media, used in a museum. The media will be examined according to their specific characteristics, applications, effects on the visitors as well as technical prerequisites.		
Intended learning outcomes		
Students are familiar with the most common used media in the museum. They are able to analyse the media that can be found in a specific exhibition, in the respective museum overall context with regard to the conveyance of a message and its impact on the visitors. They know how a medium should be designed in order to convey objects, significances and contents sustainably and appropriately.
