<b>Contents</b>		
The module gives a broad overview of the different media, used in a museum. The media will be examined according to their specific characteristics, applications, effects on the visitors as well as technical prerequisites.		
<b>Intended learning outcomes</b>		
Students are acquainted with the most common used media in a museum. They are able to analyse the media that can be found in a specific exhibition, in the respective museum overall context with regard to the conveyance of a message and its impact on the visitors. They know how a medium should be designed in order to convey objects, significances and contents sustainably and appropriately.
