Contents		
Theoretical and empirical research on motivation, lesson topics and keeping pupils motivated, measuring pupil performance (categories and objectives), dealing with mistakes, tailoring instruction to meet individual pupils' needs. Preparation for the written state examination: recap and discussion of aspects covered in courses related to Russian didactics.		
Intended learning outcomes		
Students are able to evaluate learning and teaching processes and know how these relate to motivation. They are familiar with the measurement of pupil performance and are able to use different methods of assessment in an appropriate manner as well as to evaluate the respective methods. Students are able to didactically analyse topics in the discipline with a view to the demands of the Russian classroom as well as to plan, design, and critically evaluate lessons.
