<p>This module is designed to teach key skills in the principles of teaching. Students receive special training to become student mentors and broaden and consolidate their knowledge and skills through interactive workshops and relevant learning methods. Students carry out voluntary work, teaching <i>Oberstufe</i> students at cooperating <i>Gymnasien</i> (German high schools) the essentials of academic writing. They receive support and assistance at every stage of the project, mostly in the form of feedback sessions with their teachers.</p>		
<b>Intended learning outcomes</b>		
<p>Students will gain subject-specific, methodical and personal skills they will later apply when teaching the fundamental principles and techniques of academic writing. The knowledge they gain in the first part of the course will enhance the academic writing skills as well as the teaching skills of students and will thus qualify them for their role as student mentors. This module includes voluntary work in schools, an experience the students will not only benefit from on a personal level but that will also enhance their social skills.</p>
