## Contents
With the help of scientific methods, students will independently work on a specific topic of the Prehistoric and Early Historical Archaeology in a from the ASPO given period of time. In case of the M.A. studies that contain two main subjects, a topic will be chosen that covers an issue, which affects both main subjects interdisciplinarily. The topic is to be agreed upon with an authorised examiner or, in the case of an interdisciplinary thesis, 2 authorised examiners.

## Intended learning outcomes
With the help of scientific methods, students are able to work independently on an issue of the Prehistoric and Early Historical Archaeology and are able to present their results in written form, according to the scientific convention.
