Contents		
<p>Based on an overarching choice of issues, the course furnishes a synoptic overview of the structures and coherencies of the German economic system respectively the macro-economic interrelations of the economy in Europe and Germany. The structure of the economy, national economic conditions, production, trade and markets, and the role of employers' and workers' organisations or governmental economic influences respectively the historical development of European integration, particularly the monetary union, the strategies of sustainability and growth, as well as the political realities implied therein are pointed out in essence to impart important knowledge about the situation and mode of action of the German national economy and its prospects.</p>		
Intended learning outcomes		
<p>Students gain an overview of the key developments in the German economy and thereby deepen their basic knowledge of one or more chronological or thematic areas under the consideration of various important aspects. They are able to integrate this area/these areas in an overall context and to identify interdependencies. They expand their frame of reference to European and non-European aspects. They are able to choose suitable tools and methods and to deploy them appropriately. The students are able to critically analyse and interpret sources and specialised literature as well as to present their evaluations in an appropriate manner.</p>
