| ECTS | Method of grading | Only after succ. compl. of module(s) |
| 3 | numerical grade | -- |
| Duration | Module level | Other prerequisites |
| 1 semester | undergraduate | Admission prerequisite to assessment: regular attendance of seminars (minimum 80% of sessions offered). |
| Contents | | |
| <p>In this module we discuss various topics of movement, game and sports culture and evaluate them from different points of view. We discuss, classify and understand movement phenomena and basic topics of human movement in view of various cultural objectifications (e.g. types of sports, trend sports, recreational and health sports). Various basic topics of human movement (e.g. swinging, spinning, gliding, creating etc.) and characteristics of trend sports (sampling, virtuosity, orientation on events and consumption etc.) serve as a basis for analysis. To further analyse these basic topics in view of movement science, we transfer them to various optional types of sports.</p> | | |
| Intended learning outcomes | | |
| <p>When it comes to movement science, the students have essential professional skills in identifying, understanding and evaluating various fundamental movement topics. They are able to evaluate phenomena and behaviour patterns of moving persons in view of theories about social science and movement science. Furthermore, they are able to transfer their analysing competencies to various movement fields and optional types of sport.</p> | | |
| Courses (type, number of weekly contact hours, language – if other than German) | | |
| S + S (no information on SWS (weekly contact hours) and course language available) | | |
| Method of assessment (type, scope, language – if other than German, examination offered – if not every semester, information on whether module is creditable for bonus) | | |
| term paper (approx. 10 pages) or presentation (approx. 30 minutes) | | |
| Allocation of places | | |
