Contents		
This module includes ecological aspects and historico-cultural backgrounds of movement and sports. We use innovative movement fields and informal learning situations to test self-determined and experience-based learning. The students acquire a first-hand understanding of the backgrounds and topics of recreational sports and trend sports in view of movement science.		
Intended learning outcomes		
The students acquire essential professional skills in identifying, understanding, classifying and evaluating concepts of experience-based pedagogy. They study facets of (youth-)cultural movement practice and evaluate the importance of self-determined movement for their own movement career. Furthermore, the students acquire professional and methodological competencies in monitoring and supporting self-determined movement learning processes of children and juveniles.
