Contents		
In this module we critically discuss and evaluate contemporary debates on education theory. We not only focus on updating approaches to education theory, but also on evaluating various theories in view of sociocultural and historical backgrounds.		
Intended learning outcomes		
The students have advanced their knowledge of basic questions and problems of education theory. They are able to classify and discuss questions of educational sciences in a methodical and reflexive manner. Furthermore, they know historical developments as well as current research questions of educational sciences.
